Why become a Best Workplace for Commuters?

- **Intuit is #13 of Fortune's Best Companies to work for**
 - One of only two companies to be on this list for 17 consecutive years
 - **#5 on the Bay Area Best workplaces largest companies list last year**
 - **Numerous best workplace lists around the globe**
 - #1 in India and Canada, #2 in Australia
 - **We have 11 Sites on the Best Workplace for Commuters list**
-
- **The commute is a global problem**
 - The commute and housing are the two biggest issues in the silicon valley
 - Transportation is the largest sector of greenhouse gas generation in CA -39% in 2015
 - Talent attraction and retention impacted by commute

Why USF-CUTR?

- **University of South Florida-Center for Urban Transportation Research**
 - National Standard of Excellence as measured by a Third party
 - Demonstrating we:
 - Are serious about our employees well being and our environmental stewardship.
 - Help our employees save time, spend less on gas and alleviate the stresses of battling traffic congestion.
 - Put the needs of our employees and community first.
 - Motivate workers to try new ways to get to work, like taking the train, bus or carpooling.
 - Provide commuter benefits to give us a competitive edge in employee recruitment and retention.
