

## Certified Development Program

The *Certified Development Program* is designed to provide developers with projects in San Mateo County with a formal certification of their active participation in Commute.org programs and services. Active participation is a requirement for developments that are subject to the [C/CAG Countywide TDM Policy](#) and may also be a TDM requirement imposed on developers by jurisdictions that are not subject to the C/CAG policy. The goal of the program is to provide developers access to a set of TDM programs and services that can be integrated into the other tools they will use to reduce VMT and trip counts to new developments in San Mateo County.

This document provides guidance on how to become certified and is outlined as follows:

- Program Overview
- Certification Process
- Requirements for Active Participation
- Certification Process Flow

For more information about the Certified Development Program, please visit [www.commute.org/resources/developers](http://www.commute.org/resources/developers) or contact our TDM Policy team at [TDMpolicy@commute.org](mailto:TDMpolicy@commute.org).

### Program Overview

A development project can earn certification in the Commute.org *Certified Development Program* by successfully completing the process described in this document. The developer must apply for and receive Pre-Certification during the pre-construction phase and then, upon completion of the development, comply with the remaining steps to achieve full Certification.

Any development project subject to the C/CAG Countywide TDM Policy may be required to receive and retain *Certified Development Program* status. Projects in jurisdictions that are exempt from the C/CAG policy, may or may not be required to have the certification. The VMT mitigation and TDM programming agreements between the developers and the exempt jurisdictions can, but are not required to, include the *Certified Development Program* requirement.

Commute.org's TDM Policy team will provide guidance and support to developers throughout the process. An online platform will be used to track compliance and record completed documentation.

## Certification Process

Each development project that needs or wants to be certified must complete the following steps:

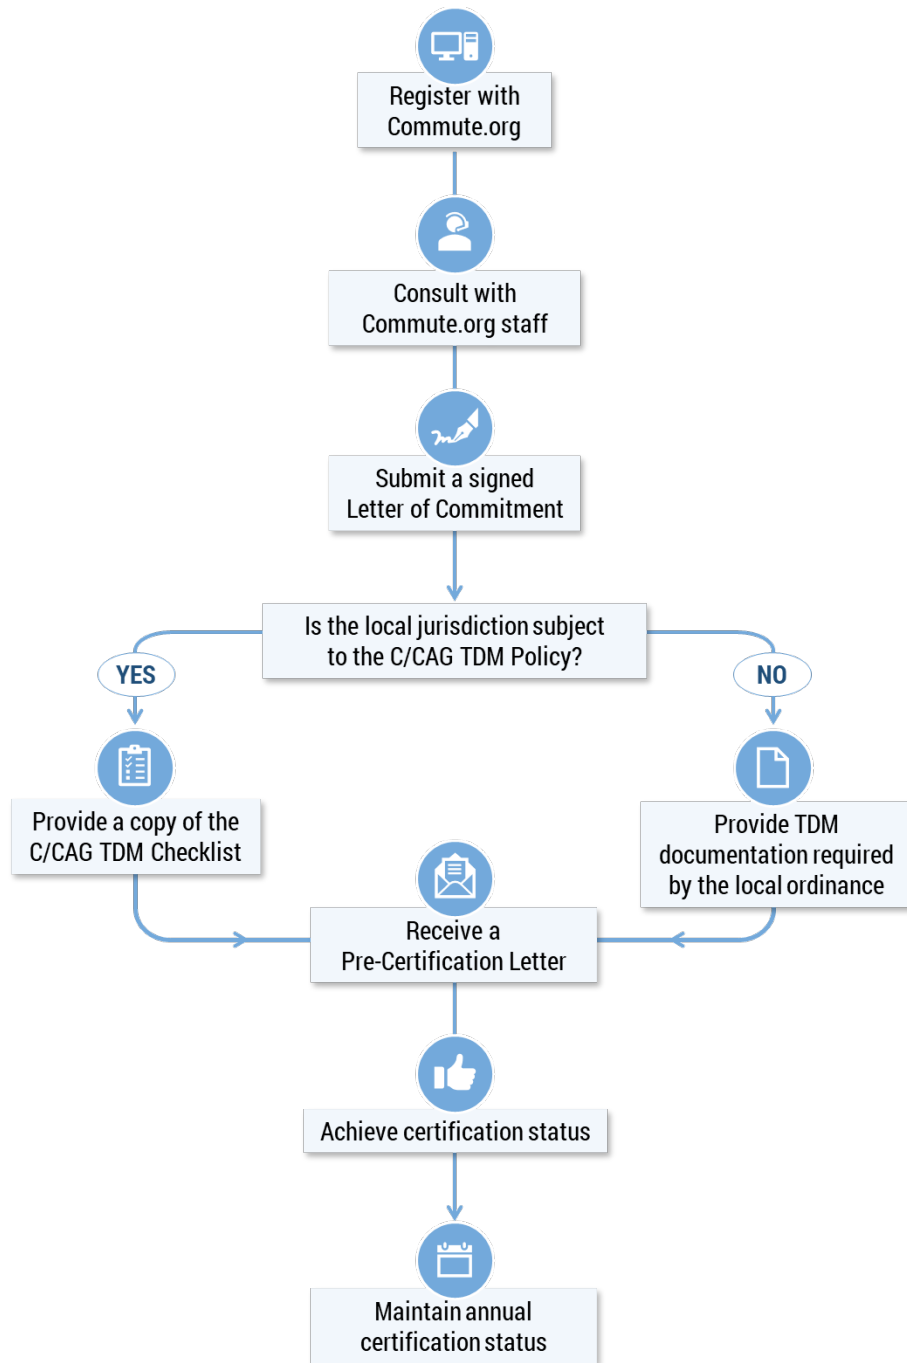

1. **Register with Commute.org** and provide the following information:
  - Project name
  - Project address
  - Project description including proposed land use(s), square footage/units, parking
  - Development timeline and expected occupancy date(s)
  - Developer contact(s)
  - TDM contact(s): person(s) responsible for the TDM component of the development plan (may be a third-party consultant)
  - Jurisdiction contact(s): local jurisdiction staff that the developer is working with
2. **Consult with Commute.org staff** to verify the certification process and requirements for active participation.
3. **Submit a signed Letter of Commitment** confirming that the developer and/or their successor(s) will be active participants with Commute.org.
4. **Provide a copy of the [C/CAG TDM Policy Checklist](#)** or equivalent documentation from local jurisdiction (if applicable).
5. **Receive a Pre-Certification Letter** from Commute.org that confirms registration and commitment to active participation. Commute.org will send a letter to the developer and appropriate jurisdiction contact. This letter must be submitted to C/CAG along with the TDM Checklist (if applicable).
6. **Achieve certification status** within six months of receiving Certificate of Occupancy. Requires completion of Commute.org program training and submittal of initial TDM Survey.
7. **Maintain annual certification status** with Commute.org by complying with the requirements for active participation.
